RoHS Classification	IV	Consumer electronics
---------------------	----	----------------------

This Certificate of RoHS Compliance is based on analysis of the product and verifying the documentation being in accordance with the provisions of the Directive 2011/65/EU and Directive 2015/863/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment. It does not imply an assessment of the production site. No amounts above the limits of these substances have been detected or if so specific exemptions are applicable. This result relates only to the item(s) tested. Other CE marking directives may apply but have not been considered during the RoHS assessment
