

## Company Introduction

Based on the three core values of “Creativity, Cooperation, and Win-win Growth”, we will creatively cooperate with the needs of our clients' projects and cooperate with each other to ensure the success of our clients' projects.

## Strengths

Since its establishment in 2018, PLS Co., Ltd. has developed and produced core modules and products in the fields of smartphones, medical/health, sensors and convergence, as well as clinical trial consulting. It is growing as a comprehensive healthcare company. In addition, as a global CRO on the world stage, we are striving to become a more trusted company by our customers under the mission of “Everyone becomes a CRO who likes to work with us.”
