

### Declaration of origin for Orafti® food and feed ingredients

BENEO-Orafti produces a number of food and feed ingredients under the brand name Orafti®.

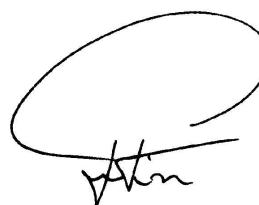

Most Orafti® products are manufactured from chicory roots (*Cichorium intybus*) exclusively harvested and processed in Belgium or Chile without any other ingredients or additives added during manufacture.

By derogation, Orafti®L60 contains also added sucrose originating from other plant source (see product sheet) and Orafti®BIO is produced from agave (Blue Agave Tequila Weber).

See the labelling of the respective products for further information on the composition and country of origin, including the name and address of the manufacturer.
